Troubadour, the grand champion steer at Chicago for Penn State, and don't over look the \$61,000 Pittodrie Upright.

The females are a grand group also. Acadia Orange Blossom 6th is one of the best producing cows in the Acadia herd, Queen of Beauty 111th is the granddam of P. S. Troubadour.

This heifer shouldn't be leaving the farm, but we wanted to bring a good one to the sale. Look her up on sale day.

Timberlee's Pauline x3264757 comes from the Cluny Pauline family that has done so well for us, and by the 1963 International Grand Champion, Skirmish Hill's Rodney x. Her half-brother by Timberlee's Consort x, is getting heavy use at Timberlee now, so this heifer kinda has some royal breeding to back up her individuality. She is a bit young to be selling — but she will make a true foundation female for her owner. Aren't too many daughters of International Champions offered in state sales! Herd T. B. accredited and Bangs certified.

The Thompson consignment represents all the registered cattle that Mr. Thompson owns and are only being made available because of his farm being taken for a municipal airport. The two cows represent a great deal of time and study looking for the right kind of white foundation females.

Changing health and family situations have dictated the dispersal of the Rosehaven Herd. No animals are being retained except a few bred heifers. These cattle come from two main sources. Mr. Rose's original group of heifers came from Michael Mostowy's herd near Bruin. The best of these and the best of their decedents were retained and the last two animals retained by Dr. Dunkle, also from Butler County, were later added to the herd. All of these animals produced live calves this year. Only one, a heifer calving late, will be offered with calf at side.

All cattle but one, were pasture bred this summer to Zeigler's Constructor, an excellent son of Bapton Constructor. Zeigler's Constructor has just moved to the Andy Woods' Herd in Southern Butler County for further service. He was with the group of cows being offered in this sale during the last week of June, all of July and the first week of August. His son, Rosehaven Constructor, was then placed with the herd to make certain that no one had been missed. To the best of our knowledge, all cows except Rosehaven Gloster, are bred to Zeigler's Constructor.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as the service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
